Gori named as American Bar Association fellow

Telegraph staff report

EDWARDSVILLE — Gori Julian & Associates, Inc., announced Wednesday that Randy Gori, partner at the firm, has been selected to become a fellow of the Ameri-

can Bar Foundation (ABF), a designation bestowed upon fewer than one percent of U.S. lawyers.

The Fellows of

Gori

the ABF is an honorary organization of attorneys, judges, law faculty, and legal scholars who have demonstrated outstanding leadership in the profession and service to society. They are nominated by their peers and elected by the Board of

the Foundation. The Fellows support the research work of the American Bar Foundation through annual contributions and sponsor seminars and events of direct relevance to leaders of the legal profession.

The ABF is the nation's lead-

ing research institute for the empirical study of law. Created by the American Bar Association more than 60 years ago, the ABF is an independent, non-profit organization that

conducts large-scale research projects on the most pressing issues facing the legal system in the United States and the world. Research at the ABF is conducted by a residential research faculty and more than 50 affiliated scholars from across the nation and around the world.

Gori graduated from St. Louis University School of Law in 1998. He is licensed to practice law in Missouri and Illinois, U.S. District Court, Eastern District of Missouri, U.S. District Court, Western District of Missouri, U.S. District Court, Southern District of Illinois, U.S. District Court, Northern District of Illinois. He is also a frequent speaker on asbestos litigation.

For more information on the areas of law practiced by the attorneys at Gori Julian & Associates, or to contact an attorney at the firm, visit www.gorijulianlaw.com or call toll free at 888.362.6890.

ApexNetwork hires new clinic manager

ApexNetwork Physical Therapy recently introduced a new clinic manager, Jason Grandone, for its Glen Carbon location.

Grandone received his Master of Science degree in physical therapy from Washington University in St. Louis. He has extensive experience in outpatient physical therapy and also with inpatient and home health physical therapy. Grandone is highly experienced at treating sports injuries at the high school and collegiate level, as he covered numerous sports teams at both levels.

He has specialty training in treatment of vertigo and vestibular rehabilitation/balance retraining, and has also taught continuing education coursework on vertigo/balance disorders. Grandone's interest in physical therapy came from a knee injury he sustained and the subsequent reconstructive surgery he underwent during

his senior year in high school, and from the job satisfaction that comes from helping people live healthier and more productive lives.

For questions, call 618-288-4233 or go to www.apexnetworkpt.com to find the nearest ApexNetwork Physical Therapy location.

Imaging Centers receive recognition

Imaging Center of Alton and Imaging Center of Wolf Creek recently announced they were recognized as a Value Certified Provider with Healthcare Bluebook.

The imaging centers offer outpatient diagnostic services including mammograms, digital x-rays, MRIs, ultrasound and more. As a member of Healthcare Bluebook, the centers' current and potential patients can now use the online tools shop and compare healthcare services provided in the local St. Louis area to understand how much they should pay for their healthcare services.

"Fortunately for our patients, our pricing structure allows us to be very competitive with local hospitals and diagnostic centers in the St. Louis area. It's important to us that our patients receive quality services and the best care for the money spent," managing member Stephanie Dykstra said. "We pride ourselves in offering high quality imaging at affordable prices with rapid results from our on-site radiology teams."

Dykstra stressed that consumers do have a choice where they can go for imaging services and encourages people to research where they want to go.

"Once you try our facility, you'll know that you've made a great choice," Dykstra said.

Imaging Center of Alton is located at No. 3 Professional Drive, Suite A in Alton. To schedule an appointment, visit the website at www.imaging4life.com or call 618-465-4674.
